Re: ACT/037/012
(Order to Show Cause)

Dear Mr. Cole:

Your letter of March 7, 1977 describing the alledged conflict of ownership of 'Sal' claims 1-12 in Township 29 South, Range 24 East, SLBM has been reviewed by this office.

The alledged conflict of ownership is in sections 17-18, 20-21 and the tentative decision of this office is relative to Atlas Minerals, Division of Atlas Corporation's surface activities on portions of sections 1 and 6, in truth, quite remote from your interests. For this reason, the Division does not consider your letter an objection of substance relative to the tentative decision as recorded in the Order to Show Cause--ACT/037/012.

Sincerely,

DIVISION OF OIL, GAS, AND MINING

Brian W. Buck
Engineering Geologist
